

An aerial night photograph of Baltimore, Maryland. The central focus is the tall, white, cylindrical Baltimore Monument, topped with a statue of George Washington. The monument is illuminated from below. To the right of the monument is the large, ornate, Gothic-style St. Peter's Church. To the left, a street is filled with the warm, orange glow of city lights and traffic. The surrounding cityscape is visible in the background, with various buildings and streetlights under a dark blue twilight sky.

Greetings,

For centuries, Baltimore has had a proud tradition of welcoming immigrants and refugees seeking a better life for themselves and their families. In our day and time, we continue to make clear that our City is one that welcomes, values, and embraces diverse communities.

As Mayor, I am committed to further reinforcing our City's commitment to inclusion and creating a culture and the conditions that allow each and every person—including immigrants and refugees—to thrive and be productive members of our community. The Welcome to Baltimore Guide was created to help you navigate services, programs and resources that are available to you, and in multiple languages.

I hope that you and your family find this guide helpful in identifying the services and resources that will enable you to feel at home here in Baltimore and to fully enjoy all of the many wonderful aspects of Charm City!

Thank you for choosing to be part of our community.

Welcome!

School Enrollment

Public School Enrollment

Baltimore City provides free pre-kindergarten for all children who are four years old by September 1 of the school year for which they will be enrolled. However, space is limited, so register as soon as possible. To find a pre-kindergarten program near you, visit www.baltimorecityschools.org or call 443-984-2000 for more information. All students in grades K-8, including those who require special education services, are also entitled to free public education and can be enrolled in two simple steps.

1. Find Your Zoned School

What is a Zoned School?

Neighborhood public schools for all students living in a designated geographical area. Typically this is the public school found closest to the student's home as it is determined by your home address.

How do I find out where my zoned school is?

This information can be found online through the Baltimore City School Locator: www.baltimorecityschools.org/Page/25632. Alternatively, you can call 410-396-8600.

2. Go to the zoned school to enroll

Once you have found the appropriate school for your child, you must accompany the student to the school along with the following required documentation:

- Birth certificate or other government-issued document showing birth date
- A valid, unexpired photo id of parent or legal guardian
- Proof of guardianship (if applicable)
- Immunization record
 - * Immunization Services are available through free T.I.K.E clinics; for more information, call 410-396-4454.
- Proof of current physical examination
- At least two proofs of residency
 - *Can include any of the following: utility bill such as gas and electric, water bill, original lease agreement, deed, bank/mortgage statement, official payroll document from an employer, and/or social security/social services document (dated within the last 30 days)
- Individualized Education Program (IEP; if applicable)
- Lead test certificate

If not zoned to a particular school, please visit the Office of Enrollment, Choice, and Transfers located at Baltimore City Public Schools' Headquarters for placement options. Address: 200 E. North Ave., Baltimore, MD 21202.

High School Enrollment

Once your child has reached high school (grades 9-12), they are no longer required to go to their zoned school, so enrollment follows a different process. Students are then given the choice of where they would like to attend in order to best meet their needs and interests. For a list of high schools throughout the city, please visit www.baltimorecityschools.org/schools/school_choice.

A number of charter school options are also available for those who wish to apply. Charter schools are public schools that all students can choose to attend, regardless of where they live in the city. For a list of all city charter schools, please visit www.baltimorecityschools.org/Page/24375.

Other Important Information

Safety

The Baltimore City School Police Force ensures that students and staff have a safe environment in which to learn and teach. If you have any questions or concerns related to the safety of your child while in school, please contact the call center at 443-984-2000. For all other emergencies call 911.
